Subject: Fw: Latest volleys from Lynch et al. - county staff involvement ?

Bob

I do not have the referenced report.

I have asked the Mayor for a copy of it but don't have it yet.

Who is this County staff person giving this opinion? Or are they an ex employee , or not a county employee at all ?
Is it true one of the county staff is challenging the demand numbers as is being alleged?

You can see the bind this puts and if true legitimizes Kevin and company numbers

Hi Gary,

Are you/RWSA preparing any response to the latest proposal from Kevin Lynch et al. (as reported in today's paper) and/or the report we received on Monday from the County staffperson claiming that RWSA's 2055 demand numbers are invalid?
